# EASY WIRE INSTALLATION

**4 STEPS**

Strip wire 14 mm then insert wire into Banana Plug

Tighten Screws Firmly

Screw on Outer Sleeve

Insert into Banana Jack

Design

FosPower's banana plugs make speaker installation simple. They are designed for use with speakers, A/V receivers, amplifiers, surround sound systems and banana wall plates that use banana style binding posts. Banana plugs make it easy to connect speaker wire to your amplifiers/receivers and speakers.
